Editorial Notes

The theme for International Youth Day 2018 is **Safe Spaces for Youth**. Youth need safe spaces where they can come together, engage in activities related to their diverse needs and interests, participate in decision making processes and freely express themselves. While there are many types of spaces, safe spaces ensure the dignity and safety of youth. Safe spaces such as civic spaces enable youth to engage in governance issues; public spaces afford youth the opportunity to participate in sports and other leisure activities in the community; digital spaces help youth interact virtually across borders with everyone; and well planned physical spaces can help accommodate the needs of diverse youth especially those vulnerable to marginalization or violence.

Ensuring that safe spaces are inclusive, youth from diverse backgrounds especially those from outside the local community, need to be assured of respect and self-worth. In humanitarian or conflict prone settings for example, youth may lack the space to fully express themselves without feeling uncomfortable or unwelcome.

Additionally, the **World Programme of Action for Youth (WPAY)** which is the UN framework for youth development prioritizes the provision of “leisure activities” as essential to the psychological, cognitive and physical development of young people. As more and more youth grow in a technologically connected world, they aspire to engage deeper in political, civic and social matters and the availability and accessibility of safe spaces becomes even more crucial to make this a reality.

Take advantage of our social media and other information communication technology initiatives to spread the word, engage and advocate for “Safe Spaces for Youth” with your family, friends and the wider community. You or your team may be organised small seminars, discussions, public talks , media programmers’, exhibitions, youth festivals etc.. for spreading the knowledge of awareness regarding the theme. IJONS and its team wishes all youth empower personalities for their wider achievements.

Naturally yours
Vijikumar Sahadevan
Editor in Chief, IJONS
